## **REASONS FOR ALLOWANCE**

- 1. Claims 10-13, 15-16 are allowed.
- 2. The following is an examiner's statement of reasons for allowance:

Claim 10 recites, inter alia, a coil having a winding section and end sections pulled out from the winding section, the coil having at least the winding section placed inside the green body.

Claim 12 recites, inter alia, magnetic powder formed from ferromagnetic metal particle coated with an insulating material.

Claim 15 recites, inter alia, insulation-coated conductor in a raw material powder containing a soft magnetic metal powder and an insulating material.

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
